While we are far from saying that boys who for safety. congregate in the manner to which we have referred " will come to no good," we do maintain in the language of Scripture, that "evil communications corrupt good manners."-Hence the danger.

In addition to juvenile delinquences heretofore mentioned, a gang of boys have been in four instruments. the habit of meeting in the vicinity of Massachusetts avenue and Third street. On Sunday last they amused themselves by whittling people's porches and indulging in conversations and vociferations not indicative of decent training. Several nights ago they took twenty empty barrels from a trader and made a bonfire of them; and in addition to this they stole a grocer's till and its contents. On Wednesday night the Auxiliary Guard put the party to an inglorious flight; and the same fate a aits all similar disturbers of the peace and wrong-doers.

MORE DELIGHTFUL MUSIC.-Hilbus & Hitz's ber of appreciating lovers of music were present, listening with undivided attention to the beautiful and correct rendering of Mendel-ssohn and Beethoven by M'lle. De Boye and the Know Nothing nomination for Alderman demand, and prices have ranged from \$5.50 by Mendelssohn, for piano and violincello, was certainly executed in a most masterly manner by the accomplished artists. Protheme of Beethoven. Only one regret was uttered by those present, and that was, that so few had an opportunity of participating in such an exquisite treat. There was some talk among those present to get up a subscription concert for the worthy artistes, which, if successful, would no doubt give general satisfaction at the present too dormant state of classic music in our midst.

THE SUNDAY LAWS .- Much of the quiet which prevails in Washington on the Sabbath is to be attributed to the law which prohibits the sale of spirituous liquors on that day. But there are persons who, in consequence of the statute, fill their bottles on Saturday night, so as not to be without their supplies on the Lord's Day; and, occasionally, a violater of the law is apprehended and brought to justice. In some of the police districts it is strictly enforced, and but little, if any favor is shown to the transgressors

The fines are about the same in all cases, and are generally superceded; but, after the expiration of six months, the fines are collected, if the offenders are able to pay, if not, the superceders are liable

HIGHWAYMAN ARRESTED .- While Mr. John Riggias was riding between Bladensburg and Beltsville on Thursday evening, a German. whose name was subsequently ascertained to be Albert Enneris, stopped him, and presented a pistol at his breast, demanding his money. Fortunately, the pistol missed fire. Mr. Higgins descended from his vehicle and inflicted several blows on the highwayman, who, esteeming "discretion to be the better part of valor." took to his heels. He was pursued and overtaken near Bladensburg, and committed to jail to a sait trial.

AMERICUS CLUB -The grand moonlight excursion and pic nic of the Americus Club, to the White House Pavilion, will take place on Monday. The Club promise that no pains nor expense shall be spared on their part to give general satisfaction to those who may honor them with their company; a pledge, which, judging from the past, they will fully redeem. The steamer George Washington, which is to convey the party down, will not touch at the Navy Yard, in consequence of the number of vessels unloading there, and the Club give notice that they will receive their friends from that point at the Washington wharf.

HARD FIGHT .- Last night, another fight occurred in the Sixth Ward, in which about fifteen persons were engaged, and several were wounded. The disturbance originated between some strangers and several young men residing at the Navy Yard. Mr. Andrew yet be determined. Mr. James Dart was severely cut over the eyes, but it is thought his wounds can be healed without injury to his sight. We sincerely regret that our usually engage in such scenes.

THE CIRCUIT COURT yesterday adjourned until this day two weeks, when the question will come before it for decision, whether per sons of foreign birth, naturalised since the 30th of December last, can vote at the ensuing municipal election-there being a law which requires the registry of names on the poll list six months preceding the election. The decision given last year was to the effect that those who were liable to registry at the proper time, but whose names had been omitted. were entitled to vote; according to which decision, several hundreds voted.

NEW MODE OF COLLECTING .- Yesterday case was brought before Justice Clark that attracted the attention of those employed as collectors. A gentleman engaged in business in this city had a bill against one of his customers who told him that if he wanted to get any of it he must "grab it" when he saw him with it. The creditor happening to see his debtor with several dollars, came the "grab game," which so offended the debtor that he went and had a warrant issued for the collector. The case was heard, and will probably be dismissed.

A NUISANCE -On the south side of D, between Ninth and Tenth streets, we observe a large block of stone, prepared apparently for building purposes, lying in the middle of the sidewalk, where, we learn, it has been allowed to remain for some months past. The street, at this point, is a dark one, and such an ebstacle to necturnal pedestrians is calculated to produce accidents of a serious character. Indeed, one, we understand, has already occurred. The proper authorities should see that such obstructions are not allowed to exist.

KNOW NOTHING NOMINATIONS .- Our clairvoyant reports that at a meeting of the Third Ward Know Nothings, recently, the following nominations were made: For Alderman, John Pretler; for Common Councilmen, J. T. Walk
